Water, Air, and Soil Pollution

Volume 195 · Numbers 1–4 · November 2008

EDITORIAL

How Long can a Technological Civilization Survive?
J.T. Trevors · M.H. Saier Jr. **1**

ORIGINAL PAPERS

Mobility and Availability of Copper in Agricultural Soils Irrigated from Water Treated with Copper Sulfate Algaecide
D. Salam · M. El-Fadel **3**

Species Diversity and Community Structure of Ground-Dwelling Spiders in Unpolluted and Moderately Heavy Metal-Polluted Habitats
M.-P. Jung · S.-T. Kim · H. Kim · J.-H. Lee **15**

A Comparative Study of Immobilized Nitrifying and Co-Immobilized Nitrifying and Denitrifying Bacteria for Ammonia Removal from Sludge Digester Supernatant
C.B. Hill · E. Khan **23**

Hydrogeochemistry of Alkaline Steel Slag Leachates in the UK
W.M. Mayes · P.L. Younger · J. Aumônier **35**

Seasonal and Annual Fluxes of Inorganic Constituents in a Small Catchment of a Japanese Cedar Forest near the Sea of Japan
M. Kamisako · H. Sase · T. Matsui · H. Suzuki · A. Takahashi · T. Oida · M. Nakata · T. Totsuka · H. Ueda **51**

Competition from Cu(II), Zn(II) and Cd(II) in Pb(II) Binding to Suwannee River Fulvic Acid
P.P. Chakraborty · C.L. Chakrabarti **63**

Uptake of Uranium by Lettuce (*Lactuca sativa* L.) in Natural Uranium Contaminated Soils in Order to Assess Chemical Risk for Consumers
O. Neves · M.M. Abreu · E.M. Vicente **73**

Regional and Seasonal Inputs of Mercury into Lake St. Pierre (St. Lawrence River), a Major Commercial and Sports Fisheries in Canada
S. Caron · M. Lucotte **85**

Environmental Impact on an Arctic Soil–Plant System Resulting from Metals Released from Coal Mine Waste in Svalbard (78° N)
L. Askaer · L.B. Schmidt · B. Elberling · G. Asmund · I.S. Jónsdóttir **99**

Modeling of Solute Transport with Bioremediation Processes using Sawdust as a Matrix
O. Eljamal · K. Jinno · T. Hosokawa **115**

Toxicity of Residual Chlorines from Hypochlorite-treated Seawater to Marine Amphipod *Hyale barbicornis* and Estuarine Fish *Oryzias javanicus*
N.C. Añasco · J. Koyama · S. Imai · K. Nakamura **129**

Effect of Environmental Conditions on Chemical Profile of Stream Water in Sanctuary Forest Area
A. Astel · S. Małek · S. Makowska **137**

Cesium Concentration Spatial Distribution Modeling by Point Cumulative Semivariogram
F. Külahcı · Z. Şen · S. Kazanç **151**

Gaseous and PM_{10}-Bound Pollutants Monitored in Three Sites with Differing Environmental Conditions in the Venice Area (Italy)
G. Rampazzo · M. Masiol · F. Visin · B. Pavoni **161**

Biodegradation: The Reason for the Inefficiency of Small Organic Acids in Chelant-Assisted Phytoextraction
M.W.H. Evangelou · M. Ebel · G. Hommes · A. Schaeffer **177**

Fractionation and Bioavailability of Arsenic in the Bed Sediments of the Anllóns River (NW Spain)
R. Devesa-Rey · R. Paradelo · F. Díaz-Fierros · M.T. Barral **189**

Ozone Formation Potentials of Volatile Organic Compounds and Ozone Sensitivity to Their Emission in the Megacity of São Paulo, Brazil
L.D. Martins · M. de F. Andrade **201**

Estimating the Fate of De-icing Salt in a Roadside Environment by Combining Modelling and Field Observations
A. Lundmark · P.-E. Jansson **215**

Evolution of Bacterial Community in Experimental Sand Filters: Physiological and Molecular Fingerprints
S. Chabaud · F. Martin-Laurent · Y. Andres · A. Lakel · P. Le Cloirec **233**

Chemical and Ecotoxicological Assessment of Selected Biologically Activated Sorbents for Treating Wastewater Polluted with Petroleum Products with Special Emphasis on Polycyclic Aromatic Hydrocarbons
L. Augulyte · D. Kliaugaite · V. Racys · D. Jankunaite · A. Zaliauskiene · P.L. Andersson · P.-A. Bergqvist **243**

Lead Bioaccessibility in Soil and Mine Wastes After Immobilization with Phosphate
S.T. Bosso · J. Enzweiler · R.S. Angélica **257**

Heavy Metal Content of Plant Species along Nilüfer Stream in Industrialized Bursa City, Turkey
G. Güleryüz · H. Arslan · C. Çelik · Ş. Güçer · M. Kendall **275**

Gaseous Nitrogen Emission from Soil Aggregates as Affected by Clay Mineralogy and Repeated Urine Applications
O. Singurindy · M. Molodovskaya · B.K. Richards · T.S. Steenhuis **285**

The Road Pollution Impact on *Zea mays*: Inductive Modeling and Qualitative Assessment
V.A. Vissikirsky · V.S. Stepashko · I.K. Kalavrouziotis · S.P. Varnavas **301**

Factors Affecting on Response of Broad Bean and Corn to Air Quality and Soil CO_2 Flux Rates in Egypt
A. Ali **311**

Environmental Evaluation of Metals in Sediments and Dragonflies Due to Sugar Cane Cultivation in Neotropical Streams
J.J. Corbi · S. Trivinho-Strixino · A. dos Santos **325**

Application of Adjoint-based Forecast Sensitivities to Asian Dust Transport Events in Korea
H.M. Kim · J.K. Kay · B.-J. Jung **335**

COD Reduction in Semiconductor Wastewater by Natural and Commercialized Coagulants Using Response Surface Methodology
F.M. Omar · N.N.N.A. Rahman · A. Ahmad **345**

Instructions for Authors for *Water, Air, and Soil Pollut* are available at http://www.springer.com/11270.
